

State Plan Objectives - Cycle 30

This document does not include the projects/programs that are available for funding through the replication grant process. The replication grant information is available at: www.scdd.ca.gov.

Community Supports

- **CS2.6** - The Council is soliciting proposals that will promote the creation of locations where consumers and their families can try out a variety of assistive technology equipment to assist in choosing equipment that is best suited to the individual's needs.
- **CS1.1** - The Council is soliciting proposals that will promote Californians with developmental disabilities participating in community service opportunities and volunteer opportunities of their choice.

Education and Early Intervention

- **ED2.2** - The Council will replicate successful technical assistance models to increase the participation of children with developmental disabilities in inclusive preschools.
- **ED2.3** - The Council is soliciting proposals that will promote effective programs/policies that will successfully transition students with developmental disabilities to post secondary opportunities.

Employment

- **EM1.1** - The Council is soliciting proposals that will enable Californians with developmental disabilities to obtain paid employment or self employment opportunities of their choice.

State Plan Objectives Continued

Health

- **HE1.1** - The Council is soliciting proposals that will promote policies and programs that will educate physicians and clinicians on providing the best health, mental health, and dental care for consumers.
- **HE3.2** - The Council is soliciting proposals to launch a major statewide campaign to educate the public on the dangers of drinking while pregnant.
- **HE3.5** - The Council is soliciting proposals that will establish at least one consumer peer-to-peer project to educate consumers on achieving optimal health through physical activity, healthy lifestyles, proper nutrition and obesity prevention.

Homes

- **HO1.2** - The Council is soliciting proposals that will provide affordable/accessible housing for Californians with developmental disabilities.

Public Awareness Initiative

- **CC1.1** - The Council is soliciting proposals for a statewide public awareness campaign that will educate Californians on the abilities and strengths of individuals with developmental disabilities. The Council's projected public awareness outcome is to reach 1 million Californians by the year 2011.

Recreation

- **RE1.1** - The Council is soliciting proposals that will provide Californians with developmental disabilities with opportunities for participating in their community, social, and recreational opportunities of their own choice.
